# Animals

## Kids In Glass Houses

I black my cheeks and I close my eyes
I bare my teeth but it's not a smile
I dress my cross in my Sunday best
I cross my dress and I beat my chest
Out come the wolves
Need a new way out
I'm alone in a bad crowd
We're in the jungle now
[Yeah, Yeah]The Young and Reckless,
[Yeah, Yeah] The Young and restless
When death collects us
History forgets us now,
Cause the war-painted children - they live in sin
Electric beasts with ultra violet fins
Blood in the water, no one in hell
Cause every devil is here with us now
Sound out the horn and let this hunt begin
We're at home in a bad crowd, now who's suffering?
[Yeah, Yeah]The Young and Reckless,
[Yeah, Yeah] The Young and restless

When death collects us
History forgets us now,
Altogether,
Armageddon,
Come on!
All together,
Armageddon,
Come on!
[Yeah, Yeah]The Young and Reckless,
[Yeah, Yeah]The Young and Restless,
When death collects our homes,
Will they forget them,
Cause all together,
Armageddon,
Come on!
All together!
Armageddon,
Come on!

Come on!
Come on!
Come on!
