

# Hated On Mostly

## Crime Mob

[Chorus]

Ay since we came on the scene we been hated on mostly  
Niggas talk shit but they watch real closely  
Ay put that thang on that nigga tell that nigga you dont know  
Bitch nigga you dont know me nigga you dont know me[Lil Jay]  
Now its a bunch of niggas hatin on the mob since we came on  
Niggas talkin shit cause they broke and they aint on  
Who them niggas rappin they aint snappin on that lame song  
Tell them muthafuckas that them suckas got the game wrong  
You seen us on MTV and our album on the shelf  
4-5 hundred strong and we aint need no fuckin help  
Fuck a hype man we can crank the show up by ourself  
And play them hatin ass muthaufuckas to the left[Killa C]  
I ride in the back wit lil buss niggas  
All of em back wit em black wit em black pumps wit them black slacks and black macs  
And all of em gutta thoreau with that gangsta  
Nigga we blow perk we dont blow reggie with them wankstas  
Im trapped out on the curb and errbody in my squad  
You know we keep that expensive ass herb  
For all these fuck niggas who plottin and hatin on me  
Ha ha you already slow i keep a K on me[Chorus 2x]  
Ay since we came on the scene we been hated on mostly  
Niggas talk shit but they watch real closely  
Ay put that thang on that nigga tell that nigga you dont know  
Bitch nigga you dont know me nigga you dont know me[Princess]  
Since we came up on scene we been hated on contemplated on  
But that shit dont even phase me homes (phase me homes)  
Niggas smile up in yo face and turn around and turn around and steady hatin  
We one of the reasons that yo song is in heavy rotation  
Who can say they made a classic hit that gets the club jumpin  
Started in 2001 4 years passed and today its still bumpin  
Always on the fuckin grind niggas tryna stop our shine  
You'll never get the best of us cause we too tough and we gon ride[Cyco Black]  
We gon ride and leave you counterfits behind playa but this click gon shine  
You hatin cause i got mines but its all good thats just you  
L12's get the L in they face  
Flaw niggas get no props they get put in they place everyday  
Thats just how it is thats just how it goes  
So i stay up on my toes and chose my money over hoes

Mobbin over esub dammit ay lil stupid bitch  
MOB that be the click and you dont really know about me[Chorus 2x]  
Ay since we came on the scene we been hated on mostly  
Niggas talk shit but they watch real closely  
Ay put that thang on that nigga tell that nigga you dont know  
Bitch nigga you dont know me nigga you dont know me[M.I.G]  
You know we stars now in them duece dueces  
Hand out the brain nigga throw them dueces  
Or i might throw it back im in the bichevy  
Niggas hatin on me because my pockets heavy  
Dreads in my head i got my mind right  
My next day say im 30 so the time right  
I do alotta flexin yeah i be puttin on  
I guess thats that the reason why you boys be hatin on  
Im known to get it on rain sleet or snow  
I sack em fat they start runnin off like some hoes  
Niggas hatin cause they bitches jumpin out they clothes  
Suckin him and suckin me the greatest nigga yeen know[Diamond]  
Of course you seen us in the magazines I be you got our posters  
Or maybe two or three cd's why you niggas tryna roast us  
Girl its nothin cause we focused cause MOB be bout them presidents  
Keep takin notes and snappin pictures cause that shits iirelevant[Chorus 2x]  
Ay since we came on the scene we been hated on mostly  
Niggas talk shit but they watch real closely  
Ay put that thang on that nigga tell that nigga you dont know
