Written On My Heart

Plus One

Thinking how it might have been
If you had never walked into my life
I would have been nothing
Without you, where would I be?Every moment used to feel
Like living through a cold and starless night
But everything's changing
Everything is feeling rightYou gave me your love, lifted me up
Now I'm looking at forever
When I never thought I'd ever see that farYou, you're in my soul wherever I go
Now I know right from the start
Your love was written on my heartHow could I have been so blind
When you were always here so near to me
And there is no other who knows me the way
I feel you doAnd you were waiting all the time
For me to come around and finally see
All the love I was missing
There you were right beside me always beside meYou gave me your love, lifted me up
Now I'm looking at forever
When I never thought I'd ever see that farYou, you're in my soul wherever I go
Now I know right from the start
Your love was written on my heartYou made it so easy
Your love brought out the best in me and
You are my light and my truth
I've found my destiny in youYou gave me your love, lifted me up
Now I'm looking at forever
When I never thought I'd ever see that farYou, you're in my soul wherever I go
Now I know right from the start
Your love was written on my heart
Your love was written on my heart
You're forever written on my heart
