Downpour

The Figments

Ooh, yeah, yeahIve been walking around inside a haze
Between the lines of reason
Hiding from the ghost of yesterday
Feels like Im barely breathingI, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rain, feel the rainIve been losing days
The shades pulled down
I still cant face the sunBut I, Im going crazy
I cant stay here
Ive gone completely numb
I just wanna need someoneI, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rain, feel the rainOh no, I thought you were the only one
But now I think I was wrong
Cause life goes onIve been walking around inside a hazeI, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rainI, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the downpour, I wanna feel the rainIn a downpour, feel the rain
Feel the rain, oh, oh
I wanna feel the rain
