

# Just Another Sundown

[Toby Keith](#)

just another sundown  
just another bar stool  
just another place where a fool can find another fool  
just another slow dance  
with just another she ain't you  
just another chance at feeling better than i really do  
there was a time you told me you'd love me forever  
but baby didn't forever get her fast

just another midnight  
just another cigarette  
waiting on a its gonna be alright that hasn't got here yet  
yeah there was a time you told me you'd love me forever  
but baby didnt forever get her fast  
just another closing time  
just another shot before  
just another long ride home that don't feel like home anymore
