

U + Me = Us (calculus)

2gether

I'm losing my hair
and my vision is shady
Last night I dreamt
of an overweight lady.
But I need a young thing
to keep up with my pace
To hold me in her arms,
and take me straight to second base
I know my calculus
It says you + me = us
Yeah, oh, sing it Chad, for me
I know my calculus
It says you + me = us
{Oh yeah}
Calculus
Semi-Rap:
Yeah..haha..C'mon..we're together
(we're together)
Girl algebra or trigonometry could never equal up
to what you do to me
So let's intergrate
Don't differentiate
If you were in my class,
there ain't no way I could pass
I hate English, gym, and not to mention
I can't even afford to pay my attention
No philosophy could ever come between us
But we'll always have our Calculus
CHORUS
I know my calculus
It says u + me = us

Said I know my calculus
It says u + me = us
We're together forever, c'mon
Calculus, Calculus
[Westsideee] *I think it should be Easttsieeedee!!
Go go go go go go go go go (repeat)
Ooh baby, oh lord

U + me = us

Well, I've never been good at history
and I don't give a crap about Robert E. Lee

When it comes to cosines,

I know a thing or two

And I kicked ass on the test about me and you

Chorus

You (U)

Plus sign (+)

Me (me)

Equal sign (=)

Us (us)

Girl, no subject comes close to you.

2gether sing it

I know my calculuh-uh-uh-ussss

repeat chorus

repeat until end
