Alcoholic Nightmares

Tankard

I'll crash your fucking party
And I don't know for what
I ate your awesome chilli
Now you deal with my smelly buttWe'll spend the whole night talking
Dictate what you will hear
But then I start to quiver
In the name of a fucking beerAshes to ashes
Dust to dust
Consciousness dying
Unrelentless turbo rageThis is your nightmare
And I'll do my best
This is your nightmare
I'm a fucking pest
This is your nightmare
Unexpected guest
I am your nightmare
Am your nightmare, am your nightmareYou thought you all would have fun
But then I came along
You thought I was your buddy
Now I've proved everybody wrongAshes to ashes
Dust to dust
Consciousness dying
Unrelentless turbo rageThis is your nightmare
And I'll do my best
This is your nightmare
I'm a fucking pest
This is your nightmare
Unexpected guest
I am your nightmare
Am your nightmare, am your nightmareI'll crash your fucking party
And I don't know for what
I ate your awesome chilli
Now you deal with my smelly buttAshes to ashes
Dust to dust
Consciousness dying
Unrelentless turbo rageThis is your nightmare
And I'll do my best
This is your nightmare
I'm a fucking pest

This is your nightmare
Unexpected guest
I am your nightmare
Am your nightmare, am your nightmare
