Breakout

Crackout

On a go in my head
I believe it if I see it
Against the wall in my way
I can sense it if I see it now
I can call, I'm a Jonah
I am hell bent insignificant
On a goI want to go away, I want to get my own soul
I want it all again it isn't, isn't my call
I wanna go and do away with you
I wanna breakoutWanna breathe but it's cold
Come to see me, please release me
I can't sleep getting old
I can break this, I'm above this
I want to go away, I want to get my own soul
I want it all again it isn't, isn't my call
I wanna go and do away with you
I wanna breakoutFlex me
I'll be
Drawing Danzig
I wanna get myself outI want to go away I want to get my own soul
I want it all again it isn't, isn't my call
I wanna go and do away with you
I wanna breakout
