

# Drawstring

## Pinback

Sitting a cross room, your hand falls aside  
And you hear the suggestion, your journeying from the light  
It's the pull of a drawstring, that comes as a surprise  
When you're so close to heaven, I'll help you take the time  
I might fall, I might break down,  
No one, can outstand me  
How many thoughts, how many wishes gonna drive  
When you're loosing your grip and all your demons got ready to fight  
With a head full of steam and the single this is miles astray  
Go to the beach, we'll make the most of our time  
There is, and there is none  
There is, and there is none  
There is  
...falling, she turning up from the sky  
Where's the sun, has it set?  
Where's the sun, has it set?  
It's they fault, can't be like yours  
And we'll be...when we'll be going sad  
To go...  
It's over, it's gone,  
It's over, it's gone  
Where's the, where's the, where's the  
It's over, it's gone,  
It's over, it's gone  
...falling, she turning up from the sky  
Where's the, where's the, where's the  
Where's the, where's the, where's the  
I might fall, I might break down,  
No one, can outstand me.
