Love You Much Better

The Hush Sound

Why do you sing to everybody but me
Why do I let it go on
You've got such a music box
In my head all day long

You fell for a girl with wild eyes
Dressed in satin and lace
She's just an empty diamond mine
With a moan across her face

[Chorus]
I can love you much better
If you can't see it you're blind
I can love you much better
Oh, y'know some day I'm gonna make you mine

Lala lalalala, la lala la
Lala lalalala, la lala la

You are the day dream in my eyes
There whenever I wake up
But the colors never crystallized
And I never get enough

While you kiss everybody but me
I just sit back and watch
Oh but one day soon I'm gonna grab you by the collar
And kiss you all I want

[Chorus: x2]

Lala lalalala, la lala la
Lala lalalala, la lala la

[Chorus: x2]

I can love you, I can love you
I can love you all right

I can love you much better

And you know some day I'm gonna make you mine
