

Just Like You

Godhead

The great demise
Another life I'll never reach anything I want to
To bend the time
I pine away behind the mask of mandatory joy Can't keep on running away
Do you see, this is my destiny I want to be like you
I want live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you I wait in line
I walk the shallow empty halls
A terror in my mind
Waiting for you
I start to realize
That you're standing where I should have been Can't keep from falling apart
Do you see, it's my catastrophe I want to be like you
I want live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you I'll take your place
Look for my face
Inside your nightmares tonight I want to be like you
I want live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you Just like you
Just like you
Just like you
Just like you
