

Lead the Parade

Korn

Lost and alone
I'm out of the stone
?? this process everyday
Nothings my own
The dreams that I've grown
I won't control and throw away I need to make the decisions
I need to make it right
I need to lead the parade
Or this shit will fucking take my life I want to kill the decisions
I want to make it right
I want to pass this test
And complete my tormented life This curse is my own
It follows me home
Its like a child that wants to play
The thoughts in my brain
The subconscious pain
Makes me think why do I stay I need to make the decision
I need make it right
I need to lead the parade
Or this shit will take my life I want to kill the decisions
I want to make it right
I want to pass this test
And complete my tormented life I want to kill the decisions
I want it to be right
I want to pass this test
And complete this tormented life Happy, everything was wonderful
So happy, it's beautiful I need to make the decision
I need to make it right
I want to kill the decisions
I want to make it right
I want to pass this test
And complete my tormented life
I want to kill the decisions
I want to make it right
I want to pass this test
And complete my tormented life I'm happy, I knew you'd make it right
Everything is wonderful
