Sarah Smiles

Panic! At The Disco

I was fine, just a guy living on my own
Waiting for the sky to fall
Then you called and changed it all, doll
Velvet lips and the eyes to pull me in
We both know you'd already win
Um, you're original sin
You fooled me once with your eyes now, honey
You fooled me twice with your lies and I say
Sarah smiles like Sarah doesn't care
She lives in her world so unaware
Does she know that my destiny lies with her?
Sarah
(Sarah, Sarah, Sarah)
Oh Sarah
(Sarah)
Are you saving me?
Waking up to a kiss and you're on your way
I really hope that you would stay
But you left and went your own way, babe
I don't mind, take your time, I've got things to do
Besides sit around and wait for you
Oh, and I hope you do too, oh
You fooled me once with your eyes now, honey
You fooled me twice with your lies and I say
Sarah smiles like Sarah doesn't care
She lives in her world so unaware
Does she know that my destiny lies with her?
Sarah, oh Sarah, are you saving me?
And it's killing me inside
Consuming all my time, you've left me blind
And when I think I'm right, you shook away my pride
You cast it all aside but I say
Sarah smiles like Sarah doesn't care
She lives in her world so unaware
Does she know that my destiny lies with her?
Sarah
(Sarah)
Oh Sarah
(Sarah)

Are you saving me?
