

# Josephine

[Reamonn](#)

When you're here, every thought I ever had becomes clear  
But when you're far, the only light I ever see is the stars  
And when you go, the feelings burn as they grow  
'Cause to me, to me you're beautiful But when you're here Josephine, the stars don't shine so bright  
But yeah, with me Josephine, you'd never sleep at night  
Yeah, when you're here Josephine, the stars don't shine so bright  
But yeah, with me Josephine, you'd never sleep at night But when you go, I never sleep as I do  
And in my dreams, I hold you like I never will release But when you're here Josephine, the stars don't shine so  
bright  
But yeah, with me Josephine, you'd never sleep at night  
Yeah, when you're here Josephine, the stars don't shine so bright  
But yeah, with me Josephine, you'd never sleep at night My Josephine, I'm dreamin' of you  
Are you dreamin' it too? I'm dreamin' of you I scream your name, my Josephine  
When you're here, the stars don't shine so bright  
But yeah, with me Josephine, you'd never sleep at night  
Yeah, when you're here Josephine, the stars don't shine so bright  
But yeah, with me Josephine, you'd never sleep at night My Josephine, I'm dreamin' of you  
Are you dreamin' it too? I'm dreamin' of you  
I scream your name
