## Taking Back Sunday

Cradle the sound  
Caller speak through your teeth  
I was up and away  
I've never known what to think  
What i wanted to know: where did god sway,  
And if the silence was gold, gold, gold  
When you got your way You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get My eyes got soul, oh, those perverts are sick  
I have the truth on my tongue, help me now until when  
All i wanted to know: whether god was away  
Cause i was there as you, you play  
And you, you fools, you look all the same! You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get  
You'll never give what you.. (you all look the same)  
You'll never give what you get  
You'll never give what you get.. (you all look the same)  
You'll never get what you want  
You'll never want what you get  
Just do the best to forget  
Just do your best to forget. (you all look the same) You got your way, got away, when god, he was away  
You got your way, got away, when god, he was away  
You got your way, got away, when god, he was away  
You got your way, got away, when god, he was away You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get, no  
You'll never give what you get  
You'll never give what you get  
Just do the best to forget  
Just do your best to forget  
Do your best to forget
