Pray

Underworld

Pray for me as you would a child
In a land of oppression
Millions cry around the world
But I cry in your back garden
Pray for me and I'll pray for you
It's no revolution, but it's somethin'
Somethin' we can do
Pray all the day
All the
All the day
All the day
Pray for me as you do for peace
In a world of aggression, hear me

Must it make the news
For us to show some affection
Pray for me and I'll pray for you
It's no revolution, but it's somethin'
Somethin' we can do
Pray all the day
All the
All the day
All the
As it was in the beginning, so shall it be
Until next week
