

# Pleased to Meet You

## Wolfmother

I'm pleased to meet you, may I greet you  
Welcome to the golden age  
With relief from the grief  
Things will never be the sameDont believe what you read  
Was it really just a dream?  
People talk and never walk  
And things are never what they seemAll that you know fades away  
All that you know fades awayIll give you anything if you want anything  
Ill give you anything if you want anything  
Ill give you anything if you want anythingLove attacker, it's a murder  
She is really thinking of  
Recommend, never learned  
Everything is in our handWhat a pity, its so pretty  
We can live along ourselves  
To succeed, let it bleed  
Dance along and to the songAll that you know fades away  
All that you know fades awayIll give you anything if you want anything  
Ill give you anything if you want anything  
Ill give you anything if you want anything[Incomprehensible]  
And I'll give you anything if you want anything  
Ill give you anything if you want anything  
Ill give you anythingIll give you anything if you want anything  
Ill give you anything if you want anything  
Ill give you anything if you want, say anything  
Ill give you anything if you want, say anything
