Fatal Step

Atrocity

I meet a girl - she seems ok
She wants to show me all her friends
But what I can see - I knows before
Their red eyes - the same as my Ma's!
They invite me to drink and to take some pills
"You should smoke and a pot of hash, too!"
I try to refuse but I wanna integrate
"Don't be a coward - just become our friend!"
"YOU!"
"Just become our friend"
"TRY!"
"Then you fell like us!"
"TO BE!"
"Whitout any sorrows!"
"FREE!"
"Whitout any restrain!"
I want to know these miracle drugs
I want to taste the feelings of them
Beautiful thing - in her mind
Thousands of colors - wonderful sounds
Give me some more!
This is your first step to your death!
