

Unstoppable

Foxy Shazam

Go! (x14)

My mother told me, poor boy, be strong
Some say i won't last, i say, they're wrong
And we won't back down this time
No we won't back down this time

Chorus:

we are unstoppable
no we can't be defeated
we are unstoppable
no we don't need a reason
we are unstoppable
crawling though the dirt, you heard our prayers

sticks and stones may hurt, but we don't care
and we won't back down this time (no we won't)
no we won't back down this time

(chorus)

yooh, eeoh eeoh eeyeah..

yeah oh..

we won't back down this time (won't back down this time)
no we won't back down this time

(chorus repeats x2)

We are unstoppable
