Tin Can Trust

Los Lobos

It don't look
Don't look like I'm going nowhere
Five cents for a bottle
A quarter rolling down the stairs
All in all I ain't got
Ain't got much in a tin can trustDon't know how
But it's gotta be going somewhere
A dime store shirt
And two bucks for a good pair
All in all it ain't much ain't got much in my tin can trustLittle darling
I can't buy you
Those gold rings and things
But honey
I can give you
One thing a man can bringAll in all I ain't got
Don't got much
All in all there ain't much
Just some love in a tin can trust
