Dreamer

Chris Brown

What do I do
Stop
Go
Fail
Succeed
Live
Or Die
I just got
to believe

Believe
it's worth saving
And to get lost
Lost in a day dream
So why hesitate
Take me to another place
So far far away
So I can get out of the dark
High speed
Like I'm racing
Just like lighting
The sky is blazing
But you've lost your way
You've been lead astray
Are there better days
For My Fallen Dreamer

Chorus:
Calling The Dreamer
Ahh Ahh Ahh Ahh A dreamer
Calling The Dreamer
Ahh Ahh Ahh Ahh A dreamer
A Dreamer
Ahh Ahh Ahh Ahh A dreamer
You don't believe no more
(you don't even sleep no more)
Dream no more
(you don't even dream no more)
Dreamer, Dreamer

Why Don't you Just Dream Again

Believe
In You
You got something to prove
You're a star
Watch you shine bright
On your way
to the lime light
Finish Line
The sweat and tears
You can channel
all of your fears
Open your eyes
Your eyes
Indeed will be all right

Chorus:
Calling The Dreamer
Ahh Ahh Ahh Ahh A dreamer
Calling The Dreamer
Ahh Ahh Ahh Ahh A dreamer
A Dreamer
Ahh Ahh Ahh Ahh A dreamer
You don't believe no more
(you don't even sleep no more)
Dream no more
(you don't even dream no more)
Dreamer, Dreamer
Why Don't you Just Dream Again
