

Dreamer

Chris Brown

What do I do

Stop

Go

Fail

Succeed

Live

Or Die

I just got

to believe

Believe

it's worth saving

And to get lost

Lost in a day dream

So why hesitate

Take me to another place

So far far away

So I can get out of the dark

High speed

Like I'm racing

Just like lighting

The sky is blazing

But you've lost your way

You've been lead astray

Are there better days

For My Fallen Dreamer

Chorus:

Calling The Dreamer

Ahh Ahh Ahh Ahh A dreamer

Calling The Dreamer

Ahh Ahh Ahh Ahh A dreamer

A Dreamer

Ahh Ahh Ahh Ahh A dreamer

You don't believe no more

(you don't even sleep no more)

Dream no more

(you don't even dream no more)

Dreamer, Dreamer

Why Don't you Just Dream Again

Believe

In You

You got something to prove

You're a star

Watch you shine bright

On your way

to the lime light

Finish Line

The sweat and tears

You can channel

all of your fears

Open your eyes

Your eyes

Indeed will be all right

Chorus:

Calling The Dreamer

Ahh Ahh Ahh Ahh A dreamer

Calling The Dreamer

Ahh Ahh Ahh Ahh A dreamer

A Dreamer

Ahh Ahh Ahh Ahh A dreamer

You don't believe no more

(you don't even sleep no more)

Dream no more

(you don't even dream no more)

Dreamer, Dreamer

Why Don't you Just Dream Again
