

# Lie To Me

Meiko

Lie to me  
I don't want to know your history  
I don't want to know a single thing  
Please lie to me  
Say you'll stay  
Even if you plan to go away  
I know you'll come back another day  
Please lie to me  
Check all of the above  
I'm deaf, dumb, and blindly in love  
I just can't get enough  
Please lie to me  
Make me believe  
I'm the only one you've ever loved  
I'm the only one you'll ever touch  
Please lie to me  
And say you'll stay  
Even if you plan to go away  
I know you'll come back another day  
Please lie to me  
Check all of the above  
I'm deaf, dumb, and blindly in love  
I just can't get enough

Please lie to me  
Check all of the above  
Everything's not black and white  
I'm in between the dark and light  
So lie to me  
Check all of the above  
All of the above  
All of the above  
All of the above  
All of the above  
All of the above  
All of the above  
Please lie to me  
Check all of the above  
If everything's not Xs and Os

I'd rather never know  
Please lie to me  
Check all of the above  
All of the above  
All of the above  
All of the above  
All of the above  
All of the above  
All of the above  
Please lie to me
