

She Gave Her Heart to Deadpool

Emmure

I stare into a void of love and emptiness.

I stare into a void.

Death you are my mistress

Love, Iâ€™d do anything for you

Please stand by my side

Love, Iâ€™d do anything for your

Just tell me who must die

Love, Iâ€™d do anything for you

You are the reason Iâ€™m alive

I stare into a void of live and empriness.

I stare into a void

Death you are my mistress

You are the reason Iâ€™m alive

You are the reason Iâ€™m alive

You are the reason Iâ€™m alive

You are the reason Iâ€™m alive

Take my pride

Take my pride

Take my pride

You are the reason Iâ€™m alive

I cannot live without you but you donâ€™t need me

I cannot live without you but you donâ€™t need me

I cannot live without you but you donâ€™t need me

I cannot live without you but you donâ€™t need me

I cannot live without you but you donâ€™t need me

I cannot live without you but you donâ€™t need me
