One More Night

Bobby Brown

Baby, I know why you want to let me go
All because I been treatin' you so bad
Don't say, "Goodbye", I didn't mean to make you cry
I'm in love with you 'cause you're the best that I ever had
Just give me one more night
I promise I will make it feel alright
All I need from you is one more chance
To fill your life with a little bit of romance, just give me
One more night to show it will
One more night with you I know
Please give me a chance to prove myself to you
Girl, that's all I want to do, baby
Don't say that it's too late, baby, we all make mistakes
Just forgive me, girl and we can make it alright
Just give me one more night
I promise I will make it feel alright
All I need from you is one more chance
To fill your life with a little bit of romance, just give me
One more night to show it will
One more night with you I know
One more night to show it will
One more night with you I know
One more night to show it will
One more night with you I know
One more night to show it will
One more night with you I know
Girl, you know, all I need is that one more night
To spend alone with you
To show you how much I really care for you
And you know I really do
This is Bobby sayin', "I love you baby"
Listen
One more night it will be alright I know
One more night it will be alright for sure
One more night it will be alright I know
One more night it will be alright for sure
One more night it will be alright I know
One more night it will be alright for sure
Our love can't be gone, girl

I know that I was wrong but
If you can forgive me
I'll love you all night long girl
Just one more night is all that
Bobby's askin' for that
Special feeling from you
That you can only give back
We've had up's and down's but
Perfect love will find us
If you'll just be patient
And you'll feel that love sensation
It's alright to cry girl
Just don't say, "Goodbye", girl
Stay for one more night
And I'll make it worth your while girl, yeah baby
One more night it will be alright I know
One more night it will be alright for sure
One more night it will be alright I know
One more night it will be alright for sure
