

# My Life in Rewind

## Eagulls

[Instrumental/Intro]

La-La-La-La-La-La-La-La-La

Da-Da-Da-Da-Da-Da[Verse 1]

A thousand regrets rushed right by

They strike like a last goodbye

There's no other weight this kind

If only I could press rewind[Chorus]

Painting with tears from my eyes

Wonder which ways I'd of climbed

Open my orchestral mind

Cartwheeling back through my...

My life in rewind[Verse 2]

As sand in the egg timer slides

Now twisting and turning reversed inside

You made me swim to the parts that are dark and resign

Now wishing I'd just changed my mind

Winding up blaming my type

Reflecting in spite, I tried

A hundred and one of the lies I've signed

I'm blinded, now I pressed rewind[Chorus]

Painting with tears from my eyes

Wonder which ways I'd of climbed

Open my orchestral mind

Cartwheeling back through my...

My life in rewind[Instrumental Break/Solo]

My life in rewind[Bridge]

Painting the pain in the frames of our hearts

As tears dripping out of our face become art

Watching the world fly by[Chorus]

Painting with tears from my eyes

Wonder which ways I'd of climbed

Open my orchestral mind

Cartwheeling back through my...

My life in rewind[Outro]

Watching the world fly by

Trawl through the depths of my.....
