Nothing and Everything

Red

Enemy, familiar friend
My beginning and my end
Broken truth, whispering lies
And it hurts againWhat I fear and what I've tried,
Words I say and what I hide
All the pain, I want it to end
But I want it againAnd it finds me
The fight inside is coursing through my veins
And it's raging
The fight inside is breaking me againI'm still the same, pursuing pain
Is it worth all that I've gained?
We both know how this will end,
But I'd do it againAnd it finds me
The fight inside is coursing through my veins
And it's raging
The fight inside is hurting me againAnd it finds me
The war within me pulls me under
And without You
The fight inside is breaking me againIt's everything (It's nothing)
It's everything (It's nothing)
It's everything (It's nothing)
It's everything (It's nothing)It's breaking me
It's breaking meI'm falling apart
I'm falling apart
