

Tu Amor

[Jon B](#)

Mi amor I'm not sure of the right words to say
Maybe these simple words will do best to best explain
What I feel in my heart
What I feel more each dayHow to make you see
How to let you know
How to say how to say how I love you so
With words you understandWords that get right through to you heart
Here's a place to startChorus:Tu Amor I will always beTu Amor means the world to meEstaras siempre en mi
corazonYou're the one in my soulAnd I live for tu amor, tu amorMi Amor love you more with each look in your
eyesMaybe these simple words will do best to best describeWhat I feel in my heartWhat I'll feel for all
timeHow to make you seeHow to let you knowHow to say how to say how I need you soWith words you
understandWords that get right through to your soulWords that will let you knowRepeat ChorusYou're the one
that I need in my armsBelieve me these words I say are words that come straight from my heartHow do I make
you believeNothing means as much as what you mean to meRepeat Chorus
