

I'm a Train

D. Ray Polk

Iâ€™m A Train

REFRAIN:

Iâ€™m a train

Rollinâ€™ down the tracks for you

Iâ€™m a train

I know just where I â€™m going to

But Iâ€™m not stopping at no depot

In any town Iâ€™m going through

Iâ€™m using fire steam and diesel -

Even a trolley pole

Any other trains on my track

Better take the hole

[REFRAIN]

And Iâ€™m not gonna stop in no station

Look out now Iâ€™m a-coming through

You know Iâ€™ve been in the hump yard

And my wheels are hot

You can be my box car baby

Weâ€™ll never pull apart

[REFRAIN]

And I ainâ€™t looking for no trouble, no

Just where these tracks will lead me to

[Solo]

Feel like Iâ€™m always going downhill

Bailing canâ€™t be right

I can use a shoofly baby

Might have to dynamite

[REFRAIN]

And that little light thatâ€™s in the tunnel

Might be your train coming back at you

Iâ€™m a train, yeah

Iâ€™m a train
