## Let It Go

## **Gavin DeGraw**

I can't live without you
Set my goals around you
Takes a little extra time
But it all works outYou're a shining ember
I'll be shining armor
Just look up into my eyes
I won't let you downAnd I'll always be here
Yes, I'll always be hereLet it go, settle into me
Let it go, let it all go

Except for me, I'm the one you found Just hold on, hold on to me nowWhy don't we play hooky?

We could both get lucky

Better to get lucky

Than to go to work todayWe don't have to shower

You won't wait in traffic

Take our daily panic

And we'll put it all awayAnd we'll always be near We should always be nearLet it go, settle into me

Let it go, let it all go

Except for me, I'm the one you found
Just hold on, hold on to me nowJust let it go, settle into me

Let it go, let it all go

Except for me, I'm the one you found Just hold on in, hold on to me nowDon't you know you're the one for me?

After all anyone can see Let it go, let it all go now Let it go
