Lights Out

Natalia Kills

[Natalia Kills]I can see you in the dark
I see you hiding away
I can see you in the darkness
I know the little games you play
I can read your dirty mind
?.
boy
I know you and you can't lie
No baby you can't lie
you run but you can't hide
i can see you when you callin
in front over my eyes
over my eyes
[chorus][far east movement]lights out?
go crazy
go crazy
go go go
lights out
go crazy
go go GO GO GO
go crazy

boy, i gotta phd
i got a masters in boy-ology
my sidekicks ?
make you think that's she's the one
and she will wake up and then you're gone
?
But I know you and you can't lie
No, baby you can't lie
you can run but you can't hide
i can see you when you callin
in front over my eyes
over my eyes
[far east movement]hide and seek
put you elyricsworld asleep ?
wrap my tie on your neck
that's why i called a freak on a leash
help yourself, grab my belt

pull my pants straight to heel
oh, my god natalia kills
this must be how heaven feel
[chorus:]
