The Secret Inside

Century

far away from my last life
the sinner? s gone, i pray for you now
like a final breath, your are my forgiveness
there is nothing left to looseall the memories i have, i have to accept
are they my inspiration?
I hope they have a meaning, i try to keep them secret insidenow your eyes are my world
so wide shut, don? t you see me
not like my first lie, you can be the saviour
without i? m uselessall the memories i have, i have to accept
are they my inspiration?
I hope they have a meaning, i try to keep them secret inside
my revenge will come like the rain
my faith is almost alive
your love will be my resurrection
my revenge will come like the rainall can be nothing sometimes
if you have it, and still don't crasp it
but also nothing can be everything sometimes
i have to acceptall the memories i have, i have to accept
are they my inspiration?
I hope they have a meaning, i try to keep them secret inside
9. down on this sidei'm sittin' in my room and waitin'for you to come,
but sometimes things are getting worse
and you are always wrong
you reached in every pore, in every nerve and fibre
i never tasted love like this before
down on this side - and i shouldn't do the same
down on this side - and i shouldn't do the samei was gettin? more than every boy, waitin'for you,
so easily
i liked the talks, i'll always remember
i never wanted something elsedown on this side - and i shouldn't do the same
down on this side - and i shouldn't do the same
down on this side - no i shouldn't do the same
down on this side - no i shouldn't do the samei complained, you shouldn't do, but you did...down on this side -
and i shouldn't do the same
down on this side - and i shouldn't do the same
down on this side - no i shouldn't do the same
down on this side - no i shouldn't do the same
