

Hazen (Outro)

Hazen Street

We are startin' somethin'
We won't back down not for nothin'
We rappin' from the east to the West Coast
We rappin' from the east to the West Coast Hazen Street rock with some hip hop
We come a long way from the [unverified] blocks
I can't stop, won't stop
(Can't stop, won't stop)
Rap with DMS at the top right With some new shit to keep you in flight
Got you feelin' high but now it's time to get mine
In the mean time, Diablos on the front line
Ready to blow your mind to another time
(Blow) We are startin' somethin'
(What you see is what you get now)
We won't back down not for nothin'
We rappin' from the east to the West Coast
We rappin' from the east to the West Coast Dock one style, check the profile
It gets a little wild in this part of town
East side, west side
(East side, west side)
No matter where we go it's always do or die Except for five if you know what I'm sayin' right
Fifteen the squabble takin' over tonight
Gun blazin', put me on Hazen Street
It's amazin', I made it to this day now We are startin' somethin'
(What you see is what you get now)
We won't back down not for nothin'
We rappin' from the east to the West Coast
We rappin' from the east to the West Coast
