

# Cosmic Horn

## Brite Futures

She like the way I comb my hair  
I like the way I do it too  
She's on her grind gettin' money  
Nocturnal house at the zooBlack light fantasy  
I'm like a lover from a prison scene  
Sneak a pic of you  
To find out what they say is trueShe's got the cosmic horn  
(I'm here for you)  
'Cause that's the way she was born  
She's like a love black hole  
(I'm here for you)  
I'm losing all controlShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
Ooh ah ooh la laOoh, she's like a lady of the 80's  
Ooh, big hair and shoulder tails  
Ooh, she's tried a lot of puzzle pieces  
I'm gonna be that final pieceBlack light fantasy  
She's like a lover from a movie screen  
Sneak up close to you  
To find out what they say is trueShe's got the cosmic horn  
(I'm here for you)  
'Cause that's the way she was born  
She's like a love black hole  
(I'm here for you)  
I'm losing all controlShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
(I'm here for you)  
'Cause that's the way she was born  
She's like a love black hole  
(I'm here for you)  
I'm losing all controlShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
Ooh ah ooh la laShe's got the cosmic horn  
Ooh ah ooh la la
