

# Searching For A Girl

## Jah Cure

Looking for love  
Now, woah, yeah  
Looking for love I've been searching for a girl like you  
Searching for a girl like you  
I've been searching for a love like you  
Searching for a love like you Girl, you know how much I care for you  
And I will always be there for you  
All my life I live it for you  
And that is so true Don't play with my love  
We've got something serious going on, girl  
Don't play with my love, yeah  
Something serious going on How could you say you love me  
And you never let me know?  
Now that you say you love me  
It's important that I know Feeling is mutual  
Baby, I feel the same  
Feeling is mutual  
For two will play this game I've been searching for a girl like you  
Searching for a girl like you  
I've been searching for a love like you  
Searching for a love like you Girl, I got a message for you  
Deep in my heart, it's so true  
I'll tell you now, don't play with my love This is something serious going on  
Play with my love, girl  
I know what's in my heart, yeah I'm not your toy boy, ohh, yeah  
I'm here to bring you joy, joy  
I'll be your joy and laughter  
Joy and laughter Feeling is mutual  
For two will play this game  
It's mutual  
Everyday is a natural day  
Oh, oh, for you, my love for you to know I've been searching for a girl like you  
Searching for a girl like you  
I've been searching for a girl like you
