Cold + Wet

Ween

I'm cold and wet, can't you hear what I'm sayin' to you?
Cold and wet, it's the message, I'm conveyin' to you
How many times do I has to tell you that I'm cold and wet?
Hot and dizzy, you got me in a tizzy honey
Hot and dizzy, you better get busy and make me some soup
Oh, before I get sick
I'm cold and wet, can't you hear what I'm sayin' to you?
Cold and wet, it's the message, I'm conveyin' to you
How many times do I has to tell you that I'm cold and wet?
Hot and dizzy, you got me in a tizzy honey
Hot and dizzy, you better get busy and make me some soup
Oh, before I get sick
