Infiniti

Raheem DeVaughn

I could do life forever, if the crime was loving you
And it wouldn't even really matter if the sky was falling too
Even lose my worldly possessions, throw in the towel and I'm out the game
Baby without a question, the sentiment is still the sameI love you for you (for you yea)
'Cause you love me for me (you love me for me you do)
That means girl for ever (forever and ever and ever and ever and ever)
Times Infiniti (I'll love you baby)
I'm gonna keep loving on you
The way you love me for me (for ever for ever forever times)
Infiniti (times)
Infiniti
InfinitiWe could live to be old and grey girl
We can die forever young
Cause your love is one in a million, I could never love another one
I could do without the moon baby, I could do without the sun
You are proof that there's a heaven baby
My angelic heartI love you for you (I love you baby)
'Cause you love me for me (You love me for me so genuinely)
That means girl for ever (forever, forever)
Times infiniti (I'm gonna keep loving on you)
I'm gonna keep loving on you (Forever, forever, forever)
The way you love me for me (forever, times)
Infiniti (times)
Infiniti (times, times)
InfinitiI'll be loving you, in (infiniti)
Loving, I'll be loving you (Infiniti)
Baby long as there's a moon in the sky I'll be loving you (infiniti)
In Infiniti, yeah (infiniti)
Love me forever baby (love me forever, love me forever and ever babe)
I'll be loving you (love me forever and ever and ever babe)
In infiniti (love me forever love me forever and ever and ever babe)
Oh yeah (love me forever and ever and ever babe)
See baby its your pheromones, its your smile, its your kiss, its your touch yeah
It's your walk, its your talk, its your style
That keeps me loving you, loving you, loving you, loving you
In infiniti
