Swv (in The House)

Swv

Yeah and it goes and it goes and it goes
A lil' something like this, hit it, yeah that's it
Ah, SWV's definitely in the house for the nineties
Definitely coming on strong, so step to the left
Just to make room for the best
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
Well, we got Coko on the left, we got Taj on the right
We got me in the middle, so get up tonight
Every time I perform, it's the same old thing
I make ya man's dick hard with the way I sing
'Cause it's the C to the O to the K to the O
Go for what you know ho 'cause I'm Coko
Puttin' all you phony singing females in check
I'm down with SWV and I'ma come correct
A lot of people tried to diss me but that's okay
Because now I got a record deal with RCA
Yeah, I got it going on and you know it's a fact
That I perform live now with no tracks
'Cause you know I can sing, yes I can create
And if you try to step to me, I'll set ya ass straight
Tall, dark and lovely, dangerous and attack you
I cannot wait to sing all over you and your wack crew
So don't act dumb like you don't know what time it is
Step to SWV and you're bound to get jacked
Yeah, that was summed up well
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
SWV (Sisters With Voices in the house)
