

# We're Here to Save the Day (feat. Asher Roth)

## The Constellations

We're the stars, that shine so bright  
We bling in cars, and rhyme so hard  
We're sup-er-stars  
We're not afraid to say, we're here to save the day  
Hey, hey, hey, hey, hey, hey! We'll take no prisoners; this is a war of the mind  
And we're coming for your sons and daughters  
It's our time to shine  
Take your radio and throw it down, shattered on the floor  
There's nothing else I need to hear and I just can't ignore  
Your candy coated, bloated ego, platinum pile of shit  
With nothing in your arsenal, pulled punches count as hits  
But I've been waiting so long for a song with just one change  
You're versus strike a sounding chorus, you are all the same[kids chorus] We're the stars that shine so bright  
We bling in cars, and rhyme so hard  
The superstars  
We're not afraid to say, we're here to save the day  
Hey, hey, hey, hey, hey, hey! The diamonds on your necklace are an elaborate choke chain  
You're a dog tied to a leash; you're a slave to your wage  
You sold your soul for something you never will obtain  
Every syllable you speak is weak, you have nothing to say  
So save the folks some time and money, stick to what you know  
Stroke your ego on your own, and let me clear my throat  
The sky is full of shining stars along the Milky Way  
A living, breathing constellation here to save the day[kids chorus] We're the stars that shine so bright  
We bling in cars, and rhyme so hard  
The superstars  
We're not afraid to say, we're here to save the day  
Hey, hey, hey, hey, hey, hey! Put it, put it, put it, put it on the shelf, don't touch that  
Like a high soul but you know its just ash  
Go with the flow you know I bust raps  
No, not a bullet, this is more a musket  
American Revolution with the music and  
What we do here isn't so a movement  
The earth is moving and we're consumers  
So what we do is, we consume earth  
Gimme, gimme, gimme cause their so absorbed  
'Til our world just passes by  
(Bye, bye)  
The constellations that ya'll ignored have the whole time been sittin' in the sky

(Wait, where?)

By the time we combine and align ourselves to form guides and try to help

(Save me!)

And it is I who will tighten up Orion's Belt

So ya'll can decide yourself

(That's Roth ya'll)[kids chorus] We're the stars that shine so bright

We bling in cars, and rhyme so hard

The superstars

We're not afraid to say, we're here to save the day

Hey, hey, hey, hey, hey, hey!
