

# Put Some Drive in Your Country

Travis Tritt

Well I was raised on country classics  
Like Roy Acuff and George Jones  
Lord, I loved to hear 'em  
But I really got excited 'bout the time I turned 15  
That's the first time I heard Waylon and old Bocephus sing  
They put some drive in their country that really turned me on Yeah, put some drive in your country  
Keep country drivin' on  
When the music gets you movin'  
You know that can't be wrong  
Every time I hear that outlaw stuff on my car radio  
It makes me want to drive it just as fast as it will go  
Put some drive in your country  
Let's keep country drivin' on We played some shows in Atlanta on Sunday afternoons  
The gigs were packed and I was nervous  
Cause I wanted folks to like my tunes  
The crowds were full of younger people  
They were all about my age  
So I turned and told the band just before we walked on stage  
Put some drive in your country fellas  
We turned those people on Yeah, put some drive in your country  
Keep country drivin' on  
When the music gets you dancin'  
You know that can't be wrong  
See, I made myself a promise when I was just a kid  
I'd mix southern rock and country and that's just what I did  
Put some drive in your country  
Keep country drivin' on Put some drive in your country  
Hey, let's keep country drivin' on  
When the music gets you movin'  
You know that can't be wrong  
I still love old country  
I ain't tryin' to put it down  
Damn, I miss Duanne Allman  
I wish he was still around  
Put some drive in the country  
Keep country drivin' on Put some drive in the country  
Let's keep country drivin' on
