

Run to You

Lacey Sturm

You tell me I'm the one holding you back
And something ... how far we're off track
Well all I hear is your heart beat loud and strong
And I just want to wrap you in my arms

But I'll let you go, if that's what you want
But I hope you know my love won't stop
You say it's not true and you call me a fool
But call out my name, I'll run to you

I know you, I know your eyes so well
And I know you're not sure of yourself
But something made you restless years ago
'Til you forgot that I'm part of your soul

But I'll let you go, if that's what you want
But I hope you know my love won't stop
You say it's not true and you call me a fool
But call out my name, I'll run to you

I've always believed in you
You used to believe in me too
Remember the day that you turned away
It killed me to lose you
It killed me to lose you

But I'll let you go, if that's what you want
But I hope you know my love won't stop
You say it's not true and you call me a fool
But call out my name, I'll run to you

I'll run to you, I'll run to you
I've always believed in you
Run to you, I'll run to you
And 'cause I love you
I'll let you go
If that's what you want
But I hope you know
My love won't stop
