What

South Central Cartel

Within this hour he'll be higher
Maybe more than he has ever been
Won't be his last time
He lights the fire to pretend
This is something that will never end
Too tired to wait for tomorrow
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
He hides in shadows from his silence
In the dark he fools himself again
Won't be his last time
He faces nothing that's his comfort in a place
That he has always been
When he comes down he can't remember
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
Say when
Say when
Say when

Say when
Say when
Say when
Time
He wants some
Time
He needs some
Time
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
What?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
