

# What

## South Central Cartel

Within this hour he'll be higher  
Maybe more than he has ever been  
Won't be his last time  
He lights the fire to pretend  
This is something that will never end  
Too tired to wait for tomorrow  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day  
He hides in shadows from his silence  
In the dark he fools himself again  
Won't be his last time  
He faces nothing that's his comfort in a place  
That he has always been  
When he comes down he can't remember  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day  
Say when  
Say when  
Say when

Say when  
Say when  
Say when  
Time  
He wants some  
Time  
He needs some  
Time  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day  
What?  
What takes him away?  
Gives him breath to say  
What?  
Not a thing  
Just a lesson for another day
