My Sweetest Sin

Irene Diaz

You fill up my day with Song
Then you let me go
Is this where we both belong?
Cuz I can feel you down in my soul
cuz I'm in a crowded room and all I see is you
so take me to where you groove, where you swoon,
and where you soothe
cuz I'm in the mood for love
I'm in the mood to be touched
Oh, I'm in the mood for love
Oh, I'm in the mood
So what do I need to say to make you see
to make you sway
cuz you've got me hypnotized in your eyes
there's no escape
and maybe in time you'll see
it should be me and only me
but for now oh just give in
let me win, be my sweetest sin
cuz I'm in the mood for love
I'm in the mood to be touched
Oh I'm in the mood for love
Oh I'm in the mood
You fill up my day with song
then you let me go
