

# Mykel and Carli

## Weezer

Back in Wilson High  
I had two best friend  
they lived down the block  
where Eagle Ct. bends  
one she cared for my bones  
fed me ice cream cones  
one she cared for my happines  
And wouldn't leave me alone

Back in Wilson High  
said I had these two best friends  
Till the school bus came  
and took my friends away  
Now I'm left alone at home  
To sit and think all day

Hear you me, Mykel  
Hear you me, Carli

They gave me a hat  
the hat was awful red  
wore it every day  
Made my teacher mad  
She tore it off my head  
Now head's well-read  
My head gets cold at night sometimes  
But I can't be misled
