

Perfectly Wrong

Stooshe

I'm burning all the letters that you gave me
And ripping every picture out my heart.
He got the best of me
Love you like OCD
Baby, oh oh oh baby
You're the guy I shouldn't like
With the hardest love to fight
Hey hey hey You're the only one, you're the only one
That makes me crazy, oh oh oh baby
You're the only one, you're the only one
That has me wasting, oh oh oh baby
I don't have no piece of mind,
You had me walking blind baby, oh oh oh baby
You're the one and only one
You're so perfectly wrong
Hey hey hey.
I'm waking everyday it's such a day dream
Reality just hits me with a bang, yeah
You shot my soul apart
Then snatched away my heart baby, oh oh oh baby
I'm dying on my knees, from all your expertise
Hey hey hey You're the only one, you're the only one
That makes me crazy, oh oh oh baby
You're the only one, you're the only one
That has me wasting, oh oh oh baby
I don't have no piece of mind,
You had me walking blind baby, oh oh oh baby
You're the one and only one
You're so perfectly wrong
Hey hey hey
You're the only one, you're the only one
That makes me crazy, oh oh oh baby
You're the only one,
You're the only one that has me wasting, oh oh oh baby You're the only one, you're the only one
That makes me crazy (crazy), oh oh oh baby (baby, yeah)
You're the only one, you're the only one
That has me wasting, oh oh oh baby (baby, yeah)
I don't have no piece of mind, (I don't have no piece of mind)
You had me walking blind baby, oh oh oh baby (baby, yeah)

You're the one and only one
You're so perfectly wrong
Hey hey hey.
