Deine Lakaien

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome youThere are lay tonight
A night so quiet
No more a abandoned
As they had beenSee them lying tonight
Oh, so quiet
Enjoy and listen
A tender of silenceSecret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome youIn search of something
Something to dream
No oblivion no
No disappointmentQuiet me and
A grateful you
Believe in me it is
It's really trueSecret hideaway, don't want to leave us now
Secret hideaway, we are about to tell
Secret hideaway, we share your visions too
Secret hideaway, that is what we will doSecret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
