

Secret Hideaway

Deine Lakaien

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
There are lay tonight
A night so quiet
No more a abandoned
As they had been
See them lying tonight
Oh, so quiet
Enjoy and listen
A tender of silence
Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
In search of something
Something to dream
No oblivion no
No disappointment
Quiet me and
A grateful you
Believe in me it is
It's really true
Secret hideaway, don't want to leave us now
Secret hideaway, we are about to tell
Secret hideaway, we share your visions too
Secret hideaway, that is what we will do
Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
