

# Wizard of Meh

## Pogo

They all wish. Night of.. ahhhahhh.. let 'em.. Ohhhhh!

They all wish. Night of.. ahhhahhh.. let 'em.. Ohhhhh!

You see the wizard! Wake up, would you rather? and the name now. It's fine..

Reach the wizard. Follow follow follow. By me? It's fine..

You see the wizard! Wake up, would you rather? And the name now, and the name now, and the name.

Reach the wizard. Follow, follow, follow. By me? It's fine..

They all wish.. night of.. ahhhahhh.

You see the wizard! Wake up, would you rather? And the name now. Itâ€™s fine..

Reach the wizard. Follow follow follow. By me? Itâ€™s fine..

You see the wizard! Wake up, would you rather? And the name now, and the name now, and the name.

Reach the wizard. Follow follow follow. By me? Itâ€™s fine.
