

I Remember You

Pretenders

I remember you, I remember the first time we met
I may be a sentimental fool
Forever in your debt
For something I cannot forget, I remember you I remember the first time we spoke
Sound of your voice like a lover's tongue
Got in my ear when I'd just begun
To wonder if springtime was through, I remember you How do we change so easily?
You'll always be a part of me
I thought you'd never go
It shows you what I know I remember the first time we slept
What a surprise to wake up to
Someone I hardly knew
From a sleep to a dream come true, I remember you
